

# The North Cobb-Harrison NJROTC Drill Team Competes at Navy National Drill Competition at Naval Air Station Pensacola, Florida

The North Cobb-Harrison NJROTC Drill team competed at the Navy Nationals Drill competition at NAS Pensacola, 6 & 7 April, 2018. The team qualified for the competition in May during regional competition where they placed second overall, securing them a spot to compete at the national level for the first time ever for the unit. The competition was extremely competitive. Teams from all of the country, as far as California, were able to showcase their talent in several competition fields. Competition fields included a Personnel Inspection, close order drill that comprised of Armed & Unarmed Exhibition rifle routines, Armed & Unarmed basic routines, and Color Guard competition. Other fields included athletics consisting of the 8x220 relay, 16x100 relay, a curl-up and push-up competition, and Academic Testing. Out of the country's top 26 teams, the drill team placed respectively in all competitions, specifically academic testing, placing 5th overall with two cadets placing in the top five. The drill team placed 16 overall. Not quite the finish expected, but gained a tremendous amount of invaluable experience and insight during the competition. The cadets were truly honored to compete and represent Area-12 at Navy Nationals and look forward to another competitive competition in the next school year. Congratulations team. Job well done!
